

Space functions

- While the basic specifications conform to an integrated space, broad partitioning of the space into two sections as indicated by the dotted line is possible.
- Further partitioning can yield optimal space for exhibitions, workshops, mini-seminars, and more.
- A dedicated foyer allows a reception area, product sales corner, and other elements to be set up.
- This space can be accessed from the first floor by way of exclusive stairs, elevators, and escalators.

Specifications and equipment/systems

- Ceiling: Skeleton ceiling/Height 3.8 m to hanging batons/Batons for hanging equipment and hard-wired ducts for lighting have been permanently installed.
- Floors: Free-access floors/Tile carpeting/Max. load 500 kg/m²
- Electric capacity: 100V: approx. 300 KVA/200V: approx. 180 KVA (slated)
